Master degree in **Bronchoscopy and Interventional Pulmonology** 2021 / 2022

Master director **prof. Lorenzo Corbetta**

Teaching objectives and methodology

The Master in Bronchoscopy and Interventional Pulmonology is a comprehensive 1-year 2nd level University course. The aim of this Master is to provide a structured training in Interventional Pulmonology, dovetailing it to international standards. Teaching methodologies: interactive theoretical sessions; case based discussion with the support of digital tools; hands on practice on low and high-fidelity simulators; live sessions; final assessment of the competence by logbook and DOPS. The course will be held in Italian and partially in English language.

Entry Requirements

Candidates need to have the University Degree in Medicine and Surgery and must have completed a Fellowship in Pulmonology or other Fellowship, such as Internal Medicine, Emergency Medicine, Thoracic Surgery and Anesthesiology and must have completed their undergraduate training and Medical Board Examination, and be registered with the Medical Council in their respective countries. In place of the declaration of value on site, the student can apply to the Academic Equivalence Mobility Information Center - CIMEA - (<https://cimea.diplo-me.eu/firenze/#/auth/login>) both for the certificate of comparability and the certificate of authenticity of the title.

A reference letter is recommended. **Tuition fee:** € 3.000

Applicants - whether from the European Union or equivalent from outside the European Union and/or residing abroad - must complete the online application form, using the procedure at <https://ammissioni.unifi.it/> by inserting their data and curriculum vitae in PDF format. The service will be active until 1.00 pm (Italian time) on the 26th of January 2022. Start of the lessons: 22nd of February. The lessons will be held in Blended Learning (Theoretical lessons, live sessions from Endoscopy room, CBD and flipped classroom in streaming, Low and High simulation and internships in presence).
