1st Bronchoscopic Ablation Summit

The future of therapeutic navigation and robotic bronchoscopy

Date: Friday 18th November 2022

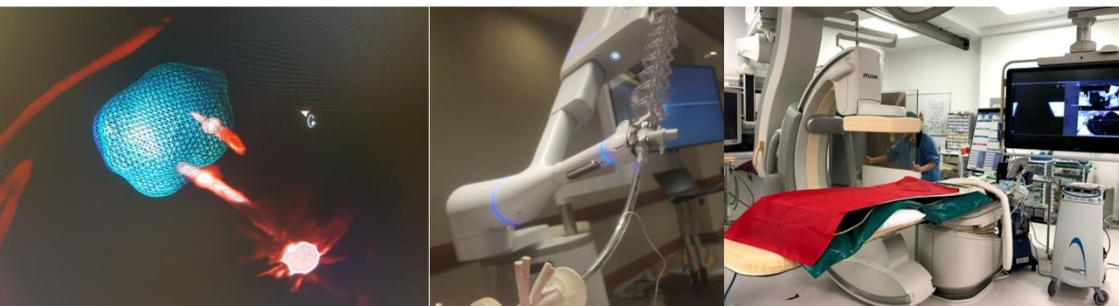

Venue: The Great Hall, St Bartholomew's Hospital, London

Registration Fee: £150

Registration: lorrainerichardson1@btinternet.com

Gold Sponsors to date

Interest in Bronchoscopic Ablation for peripheral malignant pulmonary nodules has grown rapidly over the past few years. There are a range of technology and techniques as the procedure evolves in many different directions.

The 1st Bronchoscopic Ablation Summit Meeting is the first forum to bring together technology developers and interested clinicians to discuss their experience, needs, current knowledge and opportunities, as we advance towards a safe, effective, simple and reproducible therapy.

PROGRAMME INCLUDES:

NAVIGATION SYSTEMS

Illumisite

Archimedes

Bodyvision

Robotic bronchoscopy – Ion

Robotic bronchoscopy – Auris

IMAGING SYSTEMS

Understanding imaging for ablation

Cone beam CT

Mobile cone beam CT

Conventional CT

Intraoperative MRI

ENERGY SYSTEMS

Radiofrequency (RFA)

Microwave

Pulse field

Vapour ablation

THE FUTURE

What do we need from these systems?

What trials do we need?

What does the future hold for small nodules and GGOs?
