

3RD EABIP ENDOSCOPY WORKSHOP

A JOURNEY IN BRONCHOLOGY

MAR 31 - APR 2 2022, Cluj-Napoca

Hybrid event / CME credited

ENDOSCOPY WORKSHOP „A JOURNEY in BRONCHOLOGY”

9th– 11th of May, 2024

Course Directors: Mărioara Șimon, Doina Todea, Alexe Mihai, Roxana Maria Nemeș, Ruxandra Ulmeanu.

Guest Faculty (A-Z)

Alexe Mihai

Berlea Lavinia Mădălina

Chiș Ana

Fildan Ariadna Petronela

Gîltan Ioncica Ana-Maria

Grigorescu Gabriel

Jimborean Gabriela

Toma Lăcrămioara

Leșan Andrei

Marchis Florin

Vasian Horatiu

Olteanu Mihai

Pop Alexandra

Papai Zsolt - Hungary

Popevic Spasoje - Serbia

Sturz Ciprian

Șimon Mărioara

Harangus Antonia

Roxana Nemes

Ulmeanu Ruxandra

Monica Mlesnita

3RD EABIP ENDOSCOPY WORKSHOP

A JOURNEY IN BRONCHOLOGY

MAR 31 - APR 2 2022, Cluj-Napoca

Hybrid event / CME credited

Workshop Program

DAY 1, Thursday, 9th of May 2024, ON-LINE presentations

„Introduction in flexible bronchoscopy”

For pulmonologists and anesthesiologists

Objectives

- to be aware that flexible bronchoscopy is very important in everyday pulmonologist practice
- to be able to recognize and identify the anatomy of the airway
- to be able to intubate the patient with flexible bronchoscope
- to know the segmentation of the bronchi and to be able to do step by step bronchoscopy
- to have knowledge about bronchoscopy techniques
- to be able to demonstrate how to clean the fibroscope after procedure

09:00-09:20

Introduction.

Ruxandra Ulmeanu, Doina Todea, Ariadna Petronela Fildan

09:20-09:40

Functional tests before bronchoscopy

Nemes Roxana

09:40-10:00

The anatomy of the airways and relationships

Antonia Tent

10:00-10:20

Anestezia locală și sedarea moderată în bronhologie

Local anesthesia and moderate sedation in bronchology

Monica Mlesnite

10:20-10:40

Bronchoscopic Inspection: Airway Inspection

Andrei Leșan

10:40-11:00

Pre Bronchoscopy Evaluation. Indications and Complications

Ana-Maria Ioncica Gîltan

11:00-11:15

Coffee break

3RD EABIP ENDOSCOPY WORKSHOP

A JOURNEY IN BRONCHOLOGY

MAR 31 - APR 2 2022, Cluj-Napoca

Hybrid event / CME credited

- 11:15-11:35** **Bronchoscopy in special population**
Gabriela Jimborean
- 11:35-11:55** **Prevention and Management of Complications in Bronchology**
Gabriel Grigorescu
- 11:55-12:15** **Bronchoscopy techniques: Biopsy, Transbronchial biopsy, BAL**
Ariadna Petronela Fildan
- 12:15-12:35** **Transbronchial biopsy and BAL in PID**
Ruxandra Ulmeanu
- 12:35-12:55** **Cryobiopsy in clinical practice**
Marioara Simon
- 12:55-13:15** **Symposium “Reflex test of biomarkers in NSCLC patients - Integrating primary and molecular diagnosis”**
Mărioara Şimon
- 13:15-13:35** **Interactive true/false session**
Ana Chiş
- 13:35-13:55** **Triple Bronchodilation in COPD**
Mărioara Şimon
- 13:55-15:00** **Lunch Break**
- 15:00-15:20** **Evaluation of Central Airway Obstruction**
Mărioara Şimon
- 15:20-15:40** **Interactive session**
Ciprian Sturz
- 15:40-16:00** **Jet Ventilation in Bronchology - indications, technique, limits**
Florin Marchis
- 16:00-16:20** **Bronchial aspiration and bronchoalveolar lavage in ATI**
Pop Alexandra
- 16:20-16:40** **Difficult intubation - fibrobronchoscopy assisted**
Vasian Horatiu Nicolae
- 16:40-17:00** **Redactarea unui buletin de Examen fibroscopic**

3RD EABIP ENDOSCOPY WORKSHOP

A JOURNEY IN BRONCHOLOGY

MAR 31 - APR 2 2022, Cluj-Napoca

Hybrid event / CME credited

How to write a fibroscopic raport

Mărioara Şimon

17:00-17:20

Feedback, discussions, Q&A.

DAY 2 – Friday, 1 0th of May 2024

Workshop in Interventional pulmonology – On-line Presentations

Objectives:

- To know nodal and vascular mediastinal anatomy
- To know EBUS/CT corellations
- To know indications, complications of EBUS
- To Know step by step EBUS-TBNA
- To be able to communicate with nurses and to handling and processing EBUS specimen
- Cryobiopsy

09:00-09:20

EBUS phisics, artefacts and clinical cases

Mărioara Şimon

09:20-09:40

EBUS lymph node Map - Nodal Anatomy -

Zsolt Papai, Hungary

09:40-10:00

EBUS – CT corelations

Popevic Spasoje, Serbia

10:00-10:20

Symposium

Mărioara Şimon

10:20-10:40

EBUS A practical aproach

Mihai Alexe

10:40-11:00

Coffee Break

11:00-11:20

ROSE smear preparation and interpretation in pneumologic diagnosis

Lăcrămioara Toma

3RD EABIP ENDOSCOPY WORKSHOP

A JOURNEY IN BRONCHOLOGY

MAR 31 - APR 2 2022, Cluj-Napoca

Hybrid event / CME credited

11:20-11:40

Interactive session: EBUS-TBNA, Q/A session

Mădălina Berlea

11:40-12:00

Radial EBUS - solitary pulmonary nodule diagnosis

Mărioara Şimon

12:00-12:20

Recent Advances in Interventional bronchoscopy: no going back, only Forward

Dorin Vancea

12:20-12:40

Synapse 3D Solution for bronchoscopist

Mărioara Şimon

12:40-13:00

APC în practica clinică

APC in clinical practice

Mihai Oltean

13:00-13:20

Cryobiopsy in pneumologic diagnosis

Mărioara Şimon

13:20-15:00

Lunch Break

15:00-17:30

HANDS – ON 8 learners / hour

Station 1: EBUS-TBNA practice on Symbionix Hands-on

Station 2: EBUS-TBNA: step-by-step

EBUS –TBNA practical approach

Station 3: Smear Preparation and interpretation ROSE

Stația 5: Intubație cu bronhoscopul rigid

Rigid bronchoscopy intubation

Stația 6: Cryobiopsy

Stația 7: Jet Ventilator pentru pneumologi

Jet Ventilator for pulmonologists

Station 8

1. Mediastinal anatomy: EBUS-CT- Bronchoscopy correlations

3RD EABIP ENDOSCOPY WORKSHOP

A JOURNEY IN BRONCHOLOGY

MAR 31 - APR 2 2022, Cluj-Napoca

Hybrid event / CME credited

2. EBUS mediastinal lymph node mapping - video session
3. EBUS processor knobology, EBUS bronchoscope & needle anatomy

DAY 3 – Saturday, 11th of May 2024

For pulmonologists and anesthesiologists

09:00-14:00 HANDS-ON 9 stations - 9 learners /hour

Station 1:

1. Anatomy and relationships of the airway, Bronchoscopy step by step - video
2. Practical Approach
3. Informed consent

Station 2: Hands-on Symbionix

Step by step anatomy hands-on and Flexible bronchoscopy intubation

Station 3: Bronchoscopy techniques: biopsy, brushing

Station 4: Bronchoscopy techniques: Foreign body removal

Station 5: Hands-on Symbionix

Stația 6: Intubația dificilă cu fibroscopul

Difficult intubation trough flexible bronchoscop

Stația 7: Jet Ventilator

Stația 8: Intubație cu bronhoscopul rigid

Rigid bronchoscopy intubation

Stația 9: Intubație cu fibroscop de unică folosință

Disposable fibroscope intubation
